The BlueSky Business Space 'plug and play' approach offers a simple, flexible and cost effective method for the provision of serviced office accommodation and meeting space in a practical and business like environment. Services include serviced office space, project space, meeting / training space, touchdown facilities and virtual accounts.

Style Office Solutions Ltd were picked for this project through a tender process. BlueSky liked the flexibility of the product range and its suitability to reconfigure for different types of client. The product range could also be extended to other business centres when opened to create uniformity throughout.
