Furnishings:

Paladin chose Style Office Solutions from three competing office furniture suppliers based on reliability, value for money and the positive experience Paladin had in previous dealings with the company.

Carol Dacre, Office Manager at Paladin said "*It was decided from the outset that a professional image was key. But as well as being professional we also wanted to be welcoming and give the staff a comfortable atmosphere.*

As a result of Paladins careful consideration to their staff's particular working conditions, they chose a non handed beam desk from Sebastien Office Furniture 1600mm x 1600mm x 800mm x 800mm with integral cable management, cable risers in all legs and fitted with a power module.

In total 190 workstations were installed along with a combination of desk mounted and floor standing screens

From a practical view point the Sebastien Indulgence range is a solid product which was reasonably priced and satisfied our criteria of value for money Carol explained. "*Visually the desks' soft curves create a welcoming, relaxed feel in the office. This is opposed to the traditional rectangular desks which appear stark. The Indulgence range from Sebastien significantly improves the quality of the offices with the Maple finished tops and silver frames complimenting the silver tambour storage units which are fitted with a Maple timber top to match the desk tops".*

Also fitted out were the boardrooms, meeting rooms and staff rest areas.

The boardroom and meeting rooms were fitted with Table Portfolio's Vivante real wood veneer meeting tables and social units along with ACF Chimera meeting chairs finished in Andrew Muirhead leather.

The staff rest area was a combination of Vitra seating, Verco Seating, Sebastien Seating and bar stools with Sebastien high and low tables.

Asked about Style Office Solutions service, Carol replied: " *The service throughout has been impeccable helping to ensure the move was as seamless as possible. The project was completed quickly, efficiently and on time*".
