Qube

A **homely** atmosphere

Qube cabinets are designed to create a more relaxed, residential feel to the workplace. The storage units are placed on raised frames to create a lighter and smaller appearance.

Inspired by the Scandinavian use of of colour and dimensions, Qube cabinets are designed to give effect to the more homely atmosphere of our work environment. The cabinet range is characterised by the possibility to combine various colours, optionally framed by a cabinet body with an edge finish in oak with linseed oil.

Qube can be fitted with hinged doors or sliding doors. The inset floating sliding doors slide silently behind one another. The storage units are placed on raised frames and the doors create a playful layout.

A cabinet range that fits well in many
living rooms.
