COZONE

Collaborate with Cozone

Cozone was initially designed with the idea of needing a comfortable collaborative zone for casual meetings, informal presentations and break out areas.

Cozone's sleek modern design, with beautiful double stitched seams and angular legs is the perfect addition to collaborative zones. Designed with comfort and simplicity in mind, as well as to compliment contemporary office environments.

Cozone provides an informal, semi-private space to work or collaborate and can be tailored to your exact requirements, leaving no limitation to the product except your imagination. Cozone can be either a single sofa or a joined booth with varying levels of media and power. So whether you want a break out space for staff to relax, a collaborative booth for meetings or simply an area to communicate, Cozone has a solution.

Cozone Solo

Cozone
solo

Upholstered high backed, semi-private sofa unit available in three dedicated widths, to suit single, double or triple seater sofas. Supplied with removable seat cushion and an option of natural beech or polished metal legs. Cozone solo is perfect for collaborative zones encouraging social interaction in a comfortable, relaxed environment.
Power options and accessories such as scatter cushions can be added to enhance your Cozone.
